

1) This map does not represent a design level topographic survey. Select planimetric features are shown for general orientation to the project area based upon a partial field survey performed on June 16, 2016. No attempt has been made to determine the existence or extent of underground utilities or other features not surface visible.

Datum Notes:

1) Horizontal datum is based upon a local assumed coordinate system.
Bearings shown hereon are identical to those shown in Book 3 of Parcel Maps
at Page 123, Colusa County Records.

2) Property lines are based upon a combination of found monuments, existing record mapping/data for the subject parcels and lines of occupation. No attempt has been made to determine the existence of any easements that may affect the subject parcels.

2) Temporary control points have been established as shown hereon for future project reference.

----	Boundary
— — — —	Center Line
----	Concrete
=====	Curb and Gutter
⌘	Drain Inlet
e	Electric Utility Box
⦿	Fire Hydrant
